IVF fees

Three clear stages

Our IVF costs are split across three clear stages, and include medication.

Medication included

Cycle preparation stage: Your doctor will select the best medication dosage to suit your needs.

Stages 1+2

All medication to get you through to and including egg collection is included at Stage 1.

Please note: It's possible that you may require additional medication – your medical team will let you know if this applies to you.

Good to know

For a fixed cost package, ask your local clinic team for more information about Fertility Cover®

Conditions apply.

- Fresh embryo transfer: before day of transfer
- Frozen embryo transfer: Day 1 of cycle

Payment due

Before or on day of embryo transfer

Refund

If no embryos suitable for replacement after thaw	\$1,260
---------------------------------------------------	---------

Storage

0-6 months storage of sperm, eggs or embryos	\$220
12 months storage of sperm, eggs or embryos	\$440
5 years prepaid	\$1,250
10 years prepaid	\$2,250
0-6 months storage of ovarian tissue	\$420

A refund may apply on the 10 year storage package only, if the full term is not used. Refunds are not applicable for any other storage periods.

Total costs

Treatment + Medication / Stage 1+2+3

Lite	Mid	High	High Plus
\$13,110	\$14,405	\$15,430	\$16,475

Non-IVF treatment

Non IVF treatment costs involve both a set “cost per cycle” plus the variable cost of medication.

Treatment cost per cycle Using Clomiphene or Letrozole	\$570
Medication (provided by external pharmacy)	\$20-\$60
Treatment cost per cycle Using Gonadotrophins	\$1,590
Medication	\$1,000-\$3,000

Not included

Early pregnancy monitoring	\$430
Review consultation with a doctor if not pregnant	\$240

Note: There is a refund if cycle stopped before first scan \$165

IUI – intrauterine insemination

Treatment cost (per cycle)	\$2,250
Medication	\$0-\$500

Included

- Early pregnancy care
- One review consultation with a doctor after four cycles of treatment

Not included

Sperm donor addition	\$1,680
----------------------	---------

Note: There is a refund if cycle stopped before first scan \$1,760

Payment timing

Treatment cycles are invoiced on Day 1 of treatment and the account is to be paid prior to scan (OI) or insemination (IUI).

Good to know: IVF and IUI

- Donor Addition Treatment also requires a Donor Addition Fee. Please see separate donor fee sheet.
- All costs are presented for a single cycle of treatment.
- Prices are in NZ dollars and include GST. Prices may be subject to change without further notice.
- Payment can be made by cash, direct debit, credit card or Q Card.
- The chance of pregnancy is dependent on many factors, as explained in the ‘Pathway to a Child’ booklet.

About payment

Consultation

To be paid on the day of appointment.

Pre-treatment and storage

To be paid within 14 days of invoice.

Non-IVF treatment

Treatment cycles are invoiced on Day 1 of treatment and the account is to be paid prior to insemination (IUI) or scan (Ovulation Induction).

IVF treatment

You will be invoiced at each of the three stages.

Stage 1 Medication and monitoring

Stage 2 Egg collection and embryology

Stage 3 Embryo transfer

For your convenience we have a number of ways in which you can pay for your IVF treatment.

Staged payments

Stage 1 Medication and monitoring is invoiced when your individualised treatment plan is confirmed and must be paid before medication can be issued.

Stage 2 Egg collection and embryology is due to be paid before egg collection.

Stage 3 Embryo transfer is invoiced on the day of transfer and payment is required on the same day.

Pre-payment: pay up-front

You can pay up-front for Stages 1, 2 and 3 as per your estimate. We will refund any overpayment or invoice additional costs at the end of your cycle.

Fertility Cover

Pay a single up-front fee covering up to three cycles of IVF over an 18 month period. If treatment does not result in a live birth after the three cycles, you will receive a 70% refund (terms and conditions apply). Please contact your clinic for further information regarding this option or visit www.fertilitycover.co.nz before starting treatment.

Q Card

Q Card is available at Fertility Associates, with interest free terms. Fees, criteria, and terms apply. Please see our website for more information.
